INDEPENDENT AUDITORS' REPORT

Board of Directors Community Foundation of Johnson County, Iowa Coralville, Iowa

Report on the Audit of the Financial Statements *Opinion*

We have audited the accompanying financial statements of Community Foundation of Johnson County, lowa (the Foundation), which comprise the statements of assets, liabilities, and net assets – modified cash basis as of June 30, 2022 and 2021, and the related statements of revenue, expenses, and changes in net assets – modified cash basis, and functional expenses – modified cash basis for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of the Foundation as of June 30, 2022 and 2021, and its revenue, expenses, and changes in net assets for the years then ended in accordance with the modified cash basis of accounting.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of Foundation's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting as described in Note 1. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization Background

The Community Foundation of Johnson County, Iowa (the Foundation) was incorporated in September 2000 in the state of Iowa. The Foundation is a nonprofit corporation whose mission is to serve the people of Johnson County by growing endowments and distributing funds to build a greater community.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements requires management to make estimate and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses, and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

The Foundation's accounts are maintained, and those statements are presented, on a modified cash basis of accounting under which only revenue collected, expenses paid, assets, liabilities, and net assets arising as a result of cash transactions to or from the acquisition of long-lived assets, and net appreciation or depreciation related to investments is recognized. This method differs from accounting principles generally accepted in the United States of America primarily because the effect of prepaid and accrued expenses and various receivables and payables, including receivables related to pledges, are not included in the financial statements.

The Foundation reports substantially all of its net assets as without donor restrictions due to the Foundation having variance power. When a donor explicitly grants variance power, the Foundation has the right to redirect funds to another beneficiary without the approval of the donor, or other party, if distributions for the restricted purpose become unnecessary, impossible, or inconsistent with the needs of the community.

Under these provisions, net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets presently available for use by the Foundation at the discretion of management.

Net Assets With Donor Restrictions – Net assets subject to donor restrictions that will be satisfied either by the passage of time or by actions of the Foundation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Funds of the Foundation

Endowed funds, subject to variance power as described previously, include gifts, which require, by donor restriction, that the corpus of the gift be invested in perpetuity and only the income be made available for program operations in accordance with donor restrictions. The related income and expense associated with these restrictions have been reflected in endowed funds. The endowed funds are classified as net assets without donor restrictions due to the Foundation's variance power over the assets and are included in net assets without donor restrictions in the financial statements. The various types of endowed agreements are as follows:

Type of Endowed Fund	Description of Fund
Without Donor Restrictions	The donor has made a contribution of cash or assets to a discretionary fund at the Foundation which is invested in perpetuity. The Foundation will make distributions (grants) from the total income of the fund according to the annual board-approved spending policy to address current issues and community needs.
Donor Advised	The donor has made a contribution of cash or other assets to an endowed fund at the Foundation which is invested in perpetuity. The Foundation will make distributions (grants) from the total income of the fund according to the annual board-approved spending policy. The donor, or someone the donor names, makes recommendations to the Foundation's board of directors for approval.
Donor Designated	The donor has made a contribution of cash or other assets to an endowed fund at the Foundation which is invested in perpetuity. The Foundation will make distributions (grants) from the total income of the fund according to the annual approved spending policy to the beneficiary(ies) that were specified by the donor when the fund was established to support general operations or a specific program of the organization.
Field of Interest	The donor has made a contribution of assets to an endowed fund at the Foundation which is invested in perpetuity. The Foundation will make distributions (grants) from the total income of the fund according to the annual board-approved spending policy that focus on a particular charitable cause.

Charitable Giving Funds include gifts (other than for operations) that are presently available for use and are included in net assets without donor restrictions in the financial statements. The corpus of the fund is available for use as determined under donor agreements subject to the variance power as described previously.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

The Foundation considers all highly liquid debt instruments purchased with an initial maturity of three months or less to be cash equivalents.

Investments

Marketable securities are carried at fair value, except for the money market funds, whose values are estimated at cost or the lower of cost or fair value, determined by quoted market prices, with unrealized and realized gains and losses reported as an increase or decrease in net assets. Investment income (loss) is also reported in the statements of revenue, expenses, and changes in net assets based on the intended stipulation by the donor.

Investments in Limited Partnerships are carried at the lower of their original cost basis or net realizable value. The original cost basis is the contribution value at the contribution date.

The Foundation's investment funds consist of numerous funds established for a variety of purposes. These funds are considered net assets without donor restrictions.

The Foundation participates in the Endow lowa Tax Credit Program (the Program), which is administered by the lowa Economic Development Authority through qualified community foundations. The Program's purpose is to create sustainable, philanthropic opportunities for charitable giving in lowa communities. The Program requires that the contributions received be accumulated in a fund, referred to as a permanent endowment, for purposes of calculating annual spending, which may not exceed 5%.

The Foundation's permitted investments include a variety of investment vehicles, including common and preferred stocks which are publicly traded on an established or generally recognized exchange, direct obligations of the U.S. government and its agencies, corporate bonds, notes, and commercial paper, no-load or load waived mutual funds, money market mutual funds or federally insured money market accounts, federally insured certificates of deposit and alternative investments with prior disclosure and notification of exposure to the finance committee.

In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets, liabilities, and net assets.

Donated investments are typically sold; however, they may be held depending on the purpose of the fund, nature of the asset, and the preference of the donor.

The objectives of the investment program of the Foundation are for 1) distributions and cash requirements for operational activities, 2) opportunities for long-term growth and appreciation, 3) grant distributions, 4) future expenses, and 5) providing an offset to the effects of inflation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments (Continued)

Spending Policy – Most of the Foundation's funds distribute grants each year. The charitable disbursement rate, or spending rate, determines the amount available for distribution annually. The Foundation's maximum allowable spending rate shall be 5% of the previous fiscal year-end balance of each fund's market value. The full amount does not necessarily need to be spent within the year and can continue to remain in the account for long-term growth. At the November board meeting each year, the board of directors establishes the distribution (spending) rate of the long-term funds for the subsequent year.

Interpretation of Relevant Law – The Foundation follows the state of Iowa's Uniform Prudent Management of Institutional Funds Act to manage assets with sound and prudent fiduciary practices.

Property and Equipment

Property and equipment purchased is recorded at cost while donated equipment is recorded at estimated fair value at the date of the gift. Depreciation is computed on the straight-line method over the estimated useful life of the asset. The Foundation follows the practice of capitalizing at cost, or at fair value if donated, all expenditures for property and equipment in excess of \$5,000 and a useful life greater than one year.

Impairment of Long-Lived Assets

The Foundation reviews long-lives assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or the fair value less costs to sell.

Note Receivable

All note receivables are valued at the lower of cost or net realizable value.

Revenue

The Foundation records contributions when they are received. All contributions are considered to be without donor restrictions due to the Foundation having variance power. Contributions of donated items are recorded at fair values in the period received.

Functional Expenses

The Foundation organizes its expenses on a functional basis among its program and supporting activities. Expenses that can be identified with a program or supporting activity are allocated directly according to their natural expenditure classification. Other expenses that are common to several functions are allocated by estimated time and effort.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Foundation is exempt from federal income tax as a foundation described in Section 501(c)(3) of the Internal Revenue Code (IRC) and a similar section of Iowa income tax law, which provides income tax exemption for corporations organized and operated exclusively for religious, charitable, or educational purposes. The Internal Revenue Service determination is that the Foundation is other than a private foundation.

The Foundation files information returns in the U.S. federal jurisdiction. The Foundation follows the accounting standard to evaluate uncertain tax positions and has determined that it was not required to record a liability related to uncertain tax positions at June 30, 2022 and 2021.

NOTE 2 LIQUIDITY AND AVAILABILITY

The Foundation regularly monitors the availability of resources required to meet its operating and other commitments, while also striving to maximize the investment of its available funds. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Foundation considers all expenditures related to its ongoing activities as well as the conduct of services to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Foundation operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures.

As of June 30, the following table shows the total financial assets held by the Foundation, that is, without donor restrictions limiting their use, within one year of the statement of assets, liabilities and net assets – modified cash basis date to meet general expenditures and future needs of the Foundation:

	 2022	 2021
Cash	\$ 1,644,361	\$ 1,543,935
Investments	 42,259,994	47,002,685
Total	\$ 43,904,355	\$ 48,546,620

2022

NOTE 3 INVESTMENTS

Investments consist of the following as of June 30:

	 2022	 2021
Money Market	\$ 1,254,607	\$ 398,638
Bonds and Fixed Income	10,858,622	12,130,473
Equities and Real Estate Funds	30,146,765	34,473,574
Investment in Limited Liability Corporations	 996,433	 1,114,677
Total Investments	\$ 43,256,427	\$ 48,117,362

NOTE 4 INVESTMENT INCOME

Investment income consists of the following for the years ended June 30:

	 2022			2021
Interest and Dividends	\$ 755,642		\$	615,553
Net Unrealized Gain (Loss)	(10,462,910)			8,247,101
Net Realized Gain	2,492,472			1,238,021
Investment Management Fees	 (172,679)			(142,928)
Total	\$ (7,387,475)		\$	9,957,747

NOTE 5 FAIR VALUE MEASUREMENT

The Foundation follows an accounting standard that defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements. It describes three levels of inputs that may be used to measure fair value:

Level 1 – Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Foundation has the ability to access (examples include actively traded equity and fixed income securities, mutual funds or commingled pools containing securities that are actively traded and priced daily).

Level 2 – Financial assets and liabilities that are not actively traded or model inputs whose values are based on quoted prices in markets that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Bonds and Fixed Income Funds: Comprised of debt security obligations generally valued at the most recent price of the equivalent quoted yield for such securities, or those of comparable maturity, quality, and type.

Equity Securities, Exchange Traded Products, and Real Estate Funds: Valued at last sales price, if listed on a national market or exchange, or if there is no sale and the market is still considered active, at the last transaction price before year-end.

NOTE 5 FAIR VALUE MEASUREMENT (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Foundation's assets at fair value as of June 30:

				20	22			
		Level 1	Lev	el 2	Lev	el 3		Total
Mutual Funds:

During the year ended June 30, 2021, the Foundation received a contribution of approximately 377,358 units of a privately held limited liability company (LLC). At the date of the contribution, the aggregate fair value of the units was estimated to be approximately \$2,400,000. Subsequent to receipt of the units, the Foundation received \$1,285,323 in cash and an escrow account was set up totaling \$149,118. During the year ended June 30, 2022, The Foundation received in cash \$149,118.

NOTE 5 FAIR VALUE MEASUREMENT (CONTINUED)

During the year ended June 30, 2022, the Foundation received a contribution of approximately 2,222 units of a different privately held limited liability company. At the date of the contribution, the aggregate fair value of the units was estimated to be approximately \$2,400,000. Subsequent to receipt of the units, the Foundation received \$2,823,694 in cash and escrow accounts were set up totaling \$30,874.

NOTE 6 NOTE RECEIVABLE

On July 12, 2010, Foundations in Learning, Inc. assigned a note receivable of \$200,000 to the Foundation. The note receivable was due on July 12, 2020; however, was extended and is now due on July 12, 2025. Interest on the unpaid principal balance shall be payable at a rate of 3.94%. The Foundation recorded interest income of \$7,880 and \$12,414 for the years ended June 30, 2022 and 2021, respectively.

NOTE 7 NOTE PAYABLE

The Foundation has a note payable to a local bank for the purchase of property. The note payable has an interest rate of 2.57% of the unpaid balance. The note requires monthly payments, principal and interest, of \$1,965 beginning March 1, 2021 and a final payment equal to all unpaid principal and accrued interest on February 1, 2026, the maturity date.

Future maturity of the note payable is as follows:

<u>Year Ending June 30,</u>	 Amount
2023	\$ 14,683
2024	15,047
2025	15,467
2026	 303,045
Total	\$ 348,242

NOTE 8 NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are comprised of contributions to the Foundation for which donor-imposed purpose or time restrictions have not been accomplished. These contributions will be released to net assets without donor restrictions as the contributions are spent in accordance with the donor restrictions.

Net assets with donor restrictions are available for the following purpose or time periods as of June 30:

	 2022		2021	
Time	\$ 200,000	\$	200,000	

NOTE 9 ADMINISTRATIVE FEES

The Foundation charges each established fund an equitable share of the Foundation's expenses in accordance with its current administrative fee schedule. For the years ended June 30, 2022 and 2021, administrative fee revenue and expenses charged within the Foundation totaled \$682,137 and \$527,392, respectively.

NOTE 10 DISCLOSURE ABOUT CERTAIN CONCENTRATIONS

Cash Balances

The Foundation maintains its cash accounts in banks in Johnson County, Iowa. As of June 30, 2022, cash balances in two accounts were insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor per bank. Balances in excess of FDIC limits are uninsured. As of June 30, 2022, the Foundation had cash balances on deposit of \$1,748,875 in one bank.

Credit

The Foundation is supported primarily through contributions from individuals, businesses, and agencies. For the years ended June 30, 2022 and 2021, the source and amount of the revenue and the approximate percentage of total revenue from these sources are as follows:

	2022		2021	
Source	Amount	Percentage	Amount	Percentage
Individual A	\$ 1,200,000	19 %	\$ 1,200,000	19 %
Individual B	1,200,000	19	1,200,000	19
Individual C	53,755	1	995,017	15
Individual D	750,000	12	-	-

NOTE 11 INTERFUND TRANSFERS

The Foundation's board approved \$390,000 and \$232,246 of grants for the years ended June 30, 2022 and 2021, respectively. These grants represent transfers between funds held by the Foundation. The revenue and expense are eliminated during the preparation of the financial statements.

NOTE 12 RETIREMENT PLAN

The Foundation sponsors a deferred compensation and retirement plan qualified under Section 403(b) of the IRC. The plan is available to all employees who have completed one year of service, during which they have worked at least 1,000 hours, and who have attained age 21. The Foundation makes a contribution to the plan each year equal to 100% of elective deferrals that do not exceed 3% of compensation plus 50% of elective deferrals between 3% and 5% of an employee's compensation. The Foundation may make discretionary contributions. If the Foundation makes a discretionary additional matching contribution will not apply as to the elective deferrals exceeding 6% of the employees' compensation. The total amount of this discretionary additional matching contribution will not exceed 4% of employees' compensation. The Foundation's expense under this plan was \$12,201 and \$11,225 for the years ended June 30, 2022 and 2021, respectively.

NOTE 13 RISKS AND UNCERTAINTIES

In early March, 2020, the COVID-19 virus was declared a global pandemic. The Foundation cannot predict the length or severity of the pandemic, or the extent to which the disruption may interrupt operations. Management is closely monitoring the situation and has taken action to mitigate known vulnerabilities. No adjustments have been made to these financial statements as a result of this uncertainty.

NOTE 14 SUBSEQUENT EVENTS

Management evaluated subsequent events through November 15, 2022, the date the financial statements were available to be issued. Events or transactions occurring after June 30, 2022, but prior to November 15, 2022 that provided additional evidence about conditions that existed at June 30, 2022, have been recognized in the financial statements for the year ended June 30, 2022. Events or transactions that provided evidence about conditions that did not exist at June 30, 2022 but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended June 30, 2022.
